

Call for Papers

April 26-28, 2026 | Xi'an, China

The 11th International Conference on Mechanical Structures and Smart Materials (ICMSSM 2026) is scheduled to be held from April 26-28, 2026, in Xi'an, China.

Publication

Accepted and presented papers at ICMSSM 2026 will be meticulously curated and featured in ICMSSM 2025 conference proceedings. Furthermore, these contributions will undergo a rigorous evaluation process for inclusion in prominent databases, including but not limited to EI Compendex, Scopus, Google Scholar, etc.

International Conference on **2026**
Mechanical Structures and Smart Materials

T1: Mechanical Science and Technology Advances

- Instrumentation and Control
- Automation and Mechatronics
- Automotive Engineering

T2: Smart Structures and Systems

- Adaptive Structures
- Smart Structures in Mechatronics
- Origami Structures

T3: Smart Materials and Surfaces

- Smart Material Science and Synthesis
- Manufacturing and Design of Smart Materials
- Functional and Multifunctional Materials

T4: Materials Manufacturing and Processing

- Robotics
- Mechatronics
- Automation Engineering Processes

T5: Methodology of Research and Analysis and Modeling

- Metallographic
- Quantitative Metallographic
- Computational Material Science
